## *The classic way to get out of a speeding ticket...*

I had just finished my last final of the semester and was cruising home when those dreaded blue lights appeared in my rear view mirror. I pulled over and waited for some asshole cop to walk up beside my car. But instead of the lecturing father figure I had expected, a handsome 30-something stud appeared.

"License and registration, Miss."

"Yes, Officer, I know I was speeding a little, but it's been such a long day. I just finished finals and was trying to unwind."

"You were going 65, 20 over the speed limit. I'm going to have to write a ticket."

"But Officer, my father's going to freak if I go home with a speeding ticket. Please, couldn't you just give me a break and give me a warning this time? I'd do about anything to avoid a ticket."

I shifted on the seat, inching up my skirt. But the sexy cop obviously wasn't a leg man. His eyes had strayed to the front of my blouse, fixed on the bare skin peeking from beneath the silky blue fabric. I didn't speak, and barely took a breath as his hand slipped down between my

breasts, then pushed under my bra. His touch sent chills up and down my spine. He fingered each nipple, rolling and squeezing the sensitive flesh, causing sudden jolts of pleasure to shoot to the throbbing area between my thighs. I moaned and squirmed on the seat as the heat became more and more intense. I had never been so turned on, so horny.

In an instant, he was sitting beside me on the seat. He unzipped his pants and hauled out his cock. The hard, hot flesh quivered, and the tip

was bright red, his juices oozing down the long, thick stem. He took my hand and thrust his cock into it. I wrapped my fingers around his pulsating length, then stroked it. I watched as the wet, sticky head poked repeatedly from my fist.

His hand returned to the same spot under my blouse, caressing and teasing my pebble-like nipples. He rolled and twisted them, making me squirm with excitement. I was nearly as horny as he was, the throbbing between my thighs more powerful with each passing second.

Then he reached for me, twisting his fingers in my hair, and guided my face down into his lap. His strong, masculine scent was nearly overpowering. He rubbed his cock against my lips.

"Suck it," he gasped. I had never sucked cock before, and my heart was racing. What if I didn't do a good job? Would he give me the ticket after all? Well, I figured I didn't really have anything to lose. More than anything, I wanted to feel that oversized cock in my mouth.

I stuck out my tongue and ran it along his cock, then flicked it against the tip. His juice was salty, almost bitter. His body trembled with each contact, his breathing becoming much louder. I

**SHE SUCKED MY LEAKING CUNT-HOLE UNTIL SHE WAS SLURPING SO LOUDLY THAT THE SEX-NOISES SEEMED TO ECHO AROUND THE SMALL ROOM. AND, OF COURSE, LIKE ANY HORNY GAL, SHE KNEW ENOUGH TO GIVE PLENTY OF LICK-STROKES TO MY CLIT.**

hesitated for a second, then parted my lips and let his cock slide into my mouth. I swirled my tongue over and around the spongy head. It was such an incredible sensation, having this hard, hot thing sliding over my tongue. The throbbing between my thighs became more and more powerful.

"Oh yeah, baby, take it all," he coached, bucking his hips upward and pushing his cock even deeper into my mouth.

I nearly gagged as the oversized monster jabbed into my throat. He didn't loosen his hold, though, and barely gave me time to catch my breath. His cock rammed into my throat again and again, deeper and harder and faster each

door and put my hand down between my legs. I pulled my skirt up and slipped my fingers beneath my panties. I rubbed my clit, circling the sensitive flesh, then poked my finger up inside my wet, slippery pussy. I was so horny, I couldn't sit still.

I squirmed and groaned, rubbing desperately until the heat exploded from between my thighs. I had never had an orgasm as intense as that one. It took me a couple of minutes to pull myself back together. I wondered how far away that cop was, whether he had stayed close enough to see what I did. I almost wanted to speed, just to see if the sexy police officer would pull me over again. But it was getting late, so I just pulled back onto the highway and headed home. I knew where to find him the next time I was horny.

time. I knew he was getting close, and that he couldn't hold back much longer.

I swallowed, my powerful throat muscles contracting around the intruder, squeezing and massaging. A low moan escaped from deep down inside him. He was getting close. I sucked and slurped on his cock like there was no tomorrow, anxious for the moment when his load of hot cream would explode into my mouth.

His cock began to jerk and twitch, almost taking on a life of its own. The first huge load blasted against my tonsils and trickled down my throat. I felt a smaller second and third burst. Then he slipped his fingers from my hair, and I sat up.

He didn't say a word, just stuffed his oversized cock back into his uniform pants and opened the door. In a matter of seconds, he was gone, just as though it had all been a fantasy.

But the throbbing between my thighs was definitely real. My panties were soaked through, and my clit was swollen and hot. I closed the

*To earn college tuition, she agreed to work for a phone sex service.  
Her friend provided help... and a hot tongue to inspire her.*

## spying leads to so much more

My bedroom window looks over a courtyard and into their bedroom...and they aren't that careful about the shades. Sometimes I see her...she'll come in from the shower, dry her hair, and wrap it in a turban. I can see that she shaves her pubic hair so there is just a stripe down the middle, but the sides are bare. I watch her put on her bra and panties and get dressed. Sometimes before she dresses, she sits at her desk to work on her computer.

I look forward to her showers, but I look forward even more to the times she lies on the bed in front of the window, opens her legs wide, and masturbates....

I got a pair of binoculars so I could see every detail up close. I could watch her fingers slowly massaging her mons as she stretched her legs out and pressed them together. She would open her legs, draw her heels up to her butt, and open her labia slowly with one finger. I could see her labia glistening pink with moisture as she stroked between them slowly. I would hold the binoculars with my left hand and put my right hand between my legs and feel myself wet and hungry.

I would watch her draw the moisture upward to her clitoris and coax her clitoris out from its cowl by stroking along the top-

side. When it got hard, she'd stroke the end of it. I most enjoyed watching her stroke her hard clit. It's larger than most I've seen. Or licked.

She would usually gather the flesh up between her fingers so the tip of her clit was sticking out and run the tip of her finger around it. Sometimes she would turn over and fuck her fingers until she came. Sometimes she would stroke her clit till she came.

When she was on her back, open for me to see, I could see her shudder when she came and continue until she lost control; then she'd drop her hand to her side. Sometimes she would do it a second or third time. It didn't take her more than five minutes to start coming, and she usually had several orgasms before she would dress.

I wanted to feel her clitoris under my tongue. I wanted to make her shudder like that, but I wanted to keep the pressure up after she stopped, to keep at it incessantly until she totally lost control, to send her to another planet with my tongue.

One day we were both in the laundry room. "Did you know that sometimes you leave your bedroom shade up?" I warned. I told her I had seen her coming in from the shower.

She floored me when she asked, as matter-of-fact as anything, "Do you watch me masturbate too?" Her tone of voice was more hopeful than accusatory. I looked at the floor and she contin-

spying leads to so much more

ued: "I felt like someone was watching. I was hoping it might be you. That thought makes me hot, and I start to act, to show off."

"If I can see, maybe other people can see, too," I said.

"All the better," she replied. "I'll think of everyone in the whole place watching, and that'll turn me on even more. Lord knows I need something. My husband doesn't do it for me. He pokes it in, comes, goes to sleep. The end. He's useless. I bet you never saw him fucking me? It never lasts long enough for you to see. Tell you what," she offered, "next time I'm going to do myself, I'll call and let you know, so you can watch, and I'll know you're watching. That'll make it better for me. I'll give you a real show."

I said I had a better idea: She could come visit me when we finished our laundry, and we would make love. "I've never been with another girl," she said. She hesitated, looked up from under her eyelids, and said, "Except in my fantasies, when I'm masturbating. Sometimes you are in them. I've seen you around...at the mailboxes, at the pool...."

Half an hour later, we were sitting naked on my bed. I pulled her face close to mine and whispered that what I enjoyed most about watching her masturbate was when she moved her finger on her clitoris "like this." I gently pushed her back onto the bed and spread her legs, ran my finger between her labia as I had seen her do, and started massaging the back of her clitoris the way she does.

She gasped and said, "This is moving so fast," took my hand away, and sat up. When she looked up at me and closed her eyes, I knew she wanted me to kiss her. We kissed long and hard, and she said, "I told you I'd never been with another girl. Let's go slowly."

I kissed her nipples, stroked her stomach, reached down to the bare place where her pubic hair had been, and gently traced my finger along the curve of the highest point of her leg and down to her anus and back up between her labia, over her clitoris, up the strip of thick black pubic hair, to her navel, under each breast, between her breasts, under her chin across her lips, under her nose, and over her forehead. Then I pulled her earlobe between my lips, in and out, then put my tongue into her ear and moved it in and out as if I were fucking her there. Now my hand was back on her mons, massaging her clitoris beneath the flesh.

Her breathing was faster now, her stomach moving rapidly with her breath, and I opened her labia with my fingers and continued where I had started, but now her clitoris was hard; I stroked the end of it, barely touching it as I had watched her doing. Then, instead of putting a finger inside her, I kissed her mouth long and hard again, our tongues twisting together, kissed each nipple, ran the tip of my tongue along her stomach, circled her navel, ran my tongue up the crease of each thigh, and got up from the bed.

Nudging her head to the center of the bed and her feet to the edge, I pulled her feet till she understood and moved them to the floor. I knelt on the floor between her knees, lifted her feet up to the bed, and opened her cunt with my fingers. I put my mouth on her cunt, sucked her long, thin labia between my lips, held them there, and ran my tongue along them inside my mouth, moving them in and out between my lips. She arched her back, lifted her butt up, put it back down, and panted—hard and fast.

Then I held her labia open with my fingers while I ran the tip of my tongue gently around the end of her clitoris as I had watched her doing with her finger. When her breath became irregular, I pressed harder and quickened the pace. It didn't take

BLAIR HTS-12

her long to start coming, but I knew what she did for herself, so I didn't let up. I continued and increased the pressure and the pace till she was having orgasm after orgasm, each one more intense than the last. She gasped, "Enough, please. Enough." But I continued until her whole body began to quake in paroxysms of pleasure. Now she had lost control. I continued until the seizures stopped and her whole body went limp.

I sat on the chair and looked at her body while she lay there, her eyelids half shut, half open, the whites of her eyes showing under them. I thought, That was an orgasm worth having, and gently stroked myself. I didn't feel like coming; I just wanted something.

When she woke, she asked if I had a dildo. I said I wasn't that thrilled to have anything penetrate me, but she said she thought she would like it. That I did have, and we kissed, and she played with my breasts and stroked my clitoris while it warmed up. She asked me what to do, and I told her just to do to me what she did for herself, and she was pretty good at it. I think she was better to me than she is to herself.

She brought me right to the edge of an orgasm and backed off, slowed down, reduced the pressure on my clitoris, moved her fingers down to my labia, or circled my anus, until I cooled down a degree or two, and then she resumed. She kept me right there, on the edge of an orgasm, for half an hour. I was squirming in anticipation, ready to beg for it before she let me have it and pushed me over. But then she kept me over just as I had done for her. She continued that light pressure on the end of my clitoris until I was floating in another universe, a place that was warm and soft. I floated, just barely aware that I had a body, just barely aware of my own fast breathing, barely aware of my own shuddering and

twitching.

When I opened my eyes, her legs were wide open and she was holding the dildo in one hand, fucking herself with it and stroking her clitoris with her finger. I lifted her head and put it on my lap as I stroked her breasts and moved my hand down toward her cunt. I put her hand with the other on the dildo and took over the clitoris doing what I know she liked. She started coming immediately but didn't lose it totally like before.

She pulled the dildo out, drenched with her juices, and asked if I'd like it. I explained again that I don't like being penetrated, but I took it and looked at her while I slowly licked her juices off it. "Your tongue is something else," she said. "I don't know what you were doing, but that's the best I've ever had. Do you think you could teach me to do that?"

I said I thought I probably could and asked her to tell me about her fantasies. We lay on the bed, holding hands, stroking each other lightly while she talked. She said she'd seen me at the pool and watched while I leaned down to get in. She'd looked at my breasts and wondered what it would be like to hold them in her hands. She'd seen my nipples, large and hard from the cold water, beneath the fabric and wondered what it would be like to suck on them. Then, when she was alone doing herself, she would imagine me coming into her bedroom, pulling the straps of my swimming suit down, peeling the front off, holding my breasts in my hands, offering them to her mouth. She would kiss my nipples, pull my suit down to my feet, and I would step out to be naked with her. We would hug, and she would feel my breasts on her.

After that she said it became vague, she didn't know what to do. The fantasy was about being hugged, being wanted, being warm and safe in someone's arms. I got up and pulled her up

by her hand, and we embraced, hugged each other tightly. Our cheeks pressed softly but firmly against each other. I could feel her breasts against my own, pushing against them, compressing them. I held her to me with my left arm and ran my right hand along her back, over the arc of her butt, around her butt, between her buttocks, around her butt and back up her back. I pushed my groin against hers and felt her answering pressure, started to move slightly forward and back, as she matched my movement. My right hand moved down the outside of her left thigh and up between us, to the bare space where she shaved her pubic hair.

"Why do you shave here?" I asked. She said it was so her pubic hair wouldn't curl out from under her bathing suit. That embarrassed her, but she liked the high-cut suits that accentuated her long legs and thighs. My lips touched hers gently. I put my tongue gently on her lips, opened them, felt her jaw relax and her teeth open, put my tongue between her lips, felt her lips tighten around my tongue, and begin to pull me into her. Her tongue was eager for mine, wrapped itself around mine, and I continued to explore her mouth. My right hand continued the light massage of her butt and back, up to her neck, under her hair, around her head and back. The kiss was long and full of longing for completeness, redolent of the aching of unfulfilled hungers, suggestive of the craving of lust and the yearning for love at the same time, full of passion and compassion.

I asked if that was like her fantasy, and she said it was. We sat on the bed, then lay back, our legs dangling off the side. I turned to her, and she answered with a kiss. We lay there and gently stroked each other's breasts and stomach, just down to where our pubic hair started.

She said, "I've never had such an intense sexual experience

as that. How did you do it?" We were sitting cross-legged on the bed now, facing each other. I reminded her that I had been watching her, that I had learned what she did for herself, what she liked, and how she liked to do it. I explained that I had seen her come repeatedly but never consecutively, because she lost control of her hand, and that I had thought that if I maintained the pace and pressure on her clitoris even when she could not, it would be intensely pleasurable.

"It sure was," she sighed. I explained that her clitoris seemed larger than most, the largest I had experienced, and I had thought that whether or not that contributed to the ease with which she could come and the intensity of her orgasms, it was good to watch and to lick because I could feel it under my tongue, taut and hard. "I've never seen a clitoris," she said. "Even my own." She looked into my eyes. "You said you could teach me to do what you did? Then I could...well, I'd like to be able to give you that too."

"Yes," I said, "remember the first part: learn what your partner likes. See what she does for herself." That's when I lay down again, my heels against my butt, open to her, so she could see everything, and put the second finger of my right hand on my anus and slowly moved it in a circle; then I slowly moved it between my labia and up to my clitoris. I held my labia open with my left hand so she could see my clitoris, see it getting hard as I stroked it. I was straining my neck to lift my head enough to see her and could see that she was staring wide-eyed, fascinated, her eyes fastened on my cunt and my finger. She was seeing my clitoris now. I held my labia open to her gaze and heard her catch her breath as I leaned my head back, closed my eyes, and began to circle my clitoris with my finger.

I knew she would be a quick study.
